			<p>8. The facts brought out in paragraph 4 of your memorandum are fully appreciated.</p> <p>9. Reference to paragraph 5 of your memorandum, it is believed that political considerations involving the handling of Nisei's make it inexpedient to bring Canadian Nisei into Fort Snelling. We would welcome Canadian Nisei who have had basic military training and necessary language refresher work to qualify them for the technical translations in which they will be engaged. We would be willing to offer certain cooperation with the Canadians in the training of these personnel. We could not risk an incident of a clash between American civilians and Canadian Nisei occurring in the United States. Such a clash might well occur if Canadian Nisei without military training were sent to Fort Snelling.</p> <p>10. You will be kept informed of the developments in the negotiations with the British DMI.</p> <p style="text-align: right;">  CLAYTON BISSELL Major General A.C. of S., G-2 </p> <p>Incls. 4</p>
